Dune Conservation Field Trip Grant 2010-2011 Guidelines

Purpose

The Indiana Dunes State Park is pleased to offer the Dune Conservation Field Trip Grant to Northwest Indiana educators again in 2010. This grant program, funded by the *Friends of Indiana Dunes, Inc*, is designed to distribute funds to public, private, parochial, or home-school educators interested in taking students on field trips to the Indiana Dunes State Park.

Field trips can engage students in learning about the Indiana Dunes' fish, forest, wildlife, and natural habitats and their conservation. These learning experiences should support science and other academic concepts being taught in the classroom. Grant funds will give educators the financial means to extend and strengthen student learning experiences outside the classroom.

Eligible applicants

Any educator in a school or school district in Northwest Indiana (Lake, LaPorte, Jasper, Newton, Porter, and Starke) from kindergarten to grade 12- may apply for the grant. Educators in home-school groups are also eligible. Each grant request shall be for one specific trip or combination of multiple visits to the Indiana Dunes State Park. Educators are encouraged to team up to apply for a grant. For example, two third-grade teachers can take their science classes in the same field trip. Regardless of the number of grades and students included in the application, the total possible award is \$250 per application. Multiple awards will be given out.

Maximum Grant Amount

The maximum grant award is \$250 per application. Multiple applications will be awarded this year. Additional grant awards may be distributed if funding is available.

Application Process

Submit completed applications to the Indiana Dunes State Park. Applications will be accepted from April 15, 2010-July 15, 2010. **Faxed or electronic applications will not be accepted.** The Indiana Dunes State Park and Friends of Indiana Dunes will notify applicants by August 20, 2010 about whether their proposal will be funded.

Eligibility Criteria for Grant Funding

- Grant application is complete and postmarked by July 15, 2010. **Faxed or electronic applications will not be accepted.**
- Grant request is for transportation costs, program fee costs, etc... Food costs associated with the trip are to be covered by other sources or funding. Field trips must involve a minimum of 15 students in kindergarten through grade 12. Pre-K classes are not eligible.

- Planned Field Trip must occur between September 1, 2010 and June 1, 2011 and be scheduled with the Indiana Dunes State Park Interpretive Services. Interpretive program fees at the Indiana Dunes State Park are \$1.00 per student. Gate fees are waived for scheduled programs. Program fees are eligible for grant funding.
- Field trip must address specific science or other academic goals and be connected with classroom instruction. Applicant is responsible for scheduling the field trip. Receiving a grant award does not guarantee a reservation with the Indiana Dunes State Park Interpretive Services, but grant recipients will receive priority reservations with the Interpretive Services.

Selection Process

Indiana Dunes State Park Interpretive Services staff will review all applications to determine eligibility. Final decision will be made by the Friends of Indiana Dunes Board of Directors.

Fund Distribution and Grant Reporting

Prior to the planned Field Trip, each applicant will receive funding by check for the trip. A one page narrative and copies of all program receipts, transportation receipts, etc, must be submitted to the Field trip Grant Coordinator within 30 days following completion of the field trip or no later than June 15, 2011, whichever is earlier. Transportation receipts must include the date of the field trip, who took the trip, actual mileage and the cost of transportation. The narrative must describe what the students learned during the field trip, how it benefited the students and the actual number of students who participated in the field trip.

Credit Requirements

Educators and organizations are encouraged to publicize grant awards. The credit line on press releases or publicity materials should read: The Dune Conservation Field Trip Grant is made possible by the Friends of Indiana Dunes Inc.
